NOW THAT YOU ARE MAJORING IN STATISTICS IN PREPARATION FOR A CAREER IN THIS FIELD, PUT THAT KNOWLEDGE TO USE.

Join us for a series of information sessions to learn about RTI International and our Survey, Computing, and Statistical Sciences unit. Our team of statisticians and data experts provide quantitative, qualitative and statistical analyses to help solve a variety of real-world problems, such as:

- Developing health policies for states
- Identifying crime trends to reduce criminal behavior
- Analyzing and reporting data on substance abuse through a web-based tool for decision makers
- Collecting high-quality data on postsecondary education for policymakers, academic institutions, parents, students, and others
- Analyze energy consumption and usage data
- Identifying crime trends to reduce criminal behavior

During these sessions, you can engage with experienced statisticians, senior leadership, and recent graduates about the work they’ve done and the skills they seek in new hires. And you can meet with human resources representatives, who will give you the low-down on how to best market your skills to employers. You’ll also learn about RTI and our unique culture, which fosters innovation and research to improve the human condition throughout the world.

WED, 9 NOV 2016 1:00-2:30 PM EST
